Page 2: Application for Leave

Apply for Leave:

Date of Leave :

Reason for Leave :

Grant (Yes / No) :

Your Leave Applications List:

Date of Leave	Reason	Grant (Yes/No)	Applied On
2026-10-07	Family Function	Yes	10/2/2026, 10:35:11 PM

Output 6 :

Currency Converter Utility (Free API Integration)

This application demonstrates consuming a free public API (Frankfurter Currency API) from both the Backend (Node.js/Express) and Frontend (Browser JavaScript).

Conversion Form:

Amount :

From Currency : USD - United States Dollar ▼

To Currency : INR - Indian Rupee ▼

1. Convert via Backend (Express Server)

2. Convert via Frontend (Browser Fetch)

Conversion Results:

Execution Source	Frontend (Direct Browser Fetch -> https://api.frankfurter.dev)
Original Amount	100 USD
Converted Amount	9632.00 INR
Exchange Rate	1 USD = 96.3200 INR
Rate Date	2026-10-02
API Endpoint Used	https://api.frankfurter.dev/v1/latest?amount=100&from=USD&to=INR

Currency Converter Utility (Free API Integration)

This application demonstrates consuming a free public API (Frankfurter Currency API) from both the Backend (Node.js/Express) and Frontend (Browser JavaScript).

Conversion Form:

Amount :

From Currency : USD - United States Dollar ▼

To Currency : INR - Indian Rupee ▼

1. Convert via Backend (Express Server)

2. Convert via Frontend (Browser Fetch)

Conversion Results:

Execution Source	Backend (Node.js Express Server -> Frankfurter API)
Original Amount	100 USD
Converted Amount	9632.00 INR
Exchange Rate	1 USD = 96.3200 INR
Rate Date	2026-10-02
API Endpoint Used	/api/convert-backend?amount=100&from=USD&to=INR (Server then queries api.frankfurter.dev)
